

## Local Land Services

## Natural capital accounting: meeting supply chain demands

Curious about managing and improving natural assets on your farm? Discover innovative ways to enhance your natural assets and meet supply chain expectations.

Join us to explore:

- On farm and off farm benefits of natural capital – Tamara Harris - Natural Capital Advisor, Central Tablelands LLS
- Meeting supply chain needs: On farm emission targets – Tess Herbert, Gundamain Pastoral Co
- Environmental accounting: the process of designing, building, and certifying an Environmental Account - CSIRO
- Valuing natural assets on farm
- How can we help you - LLS Natural Capital support services – Chioma Igwenagu – Natural Capital Advisor, Central West LLS

Bring your questions and curiosity!

Morning tea and lunch will be provided.
