## FREE Pre-Seeding Frost Workshop

*Farmers and advisors are invited to a hands on workshop to hear the latest frost research findings and strategies to minimise the impact of frost on profit. Farmers attending have the opportunity to develop a personal frost management plan with input and guidance from the experts in the room.*

Presenters will include the State's leading frost researcher, frost strategies consultants, a grower sharing their experiences and attending local agronomists. Farmers attending are encouraged to bring your Yield & Elevation maps and 2021 Paddock Plans. Using the new information presented on the day, along with input from the experts, participants will leave the workshop with a plan employing the latest tools to reduce the impact of frost on their profitability.

### Workshop Instructors:

Ben Biddulph - Leader, DPIRD/GRDC National Frost Initiative "Management Node"

Garren Knell - Consult Ag Frost Management Strategies

Ashton Gray - A Lakes farmer's frost experiences & implementation strategies

Facilitator - Jordy Medlen (ConsultAG)
