GRAINS RESEARCH UPDATE ONLINE

SEA LAKE

Live stream from 9.30am to 11.00am

TUESDAY 21ST JULY 2020

Live Question and Answer sessions with:

Greg Condon, WeedSmart

Broadleaf weed control in pulses - what are the options?

Greg will discuss some new technologies that are helping with weed control and also some existing agronomic practices that can be implemented now.

Garry Rosewarne, Agriculture Victoria

What herbicide tolerant pulse varieties are in the pipeline for Mallee farming systems?

Michael Moodie, Frontier Farming

Risks and rewards of deep ripping - what have we learnt from the 2020 season and from hindsight?

Including queries on adapting to local conditions with **Alistair Murdoch, local grower**
