

GRAIN STORAGE WORKSHOP

Come along to this workshop where northern grain storage specialist Brock Dembowski will provide information about storing and handling grain in the tropics – with a focus of legumes.

Brock is the Northern Grain Storage Extension Officer for GRDC Grain Storage Extension Project and has been working on all things grain storage in North Queensland for 5 years.

MANAGING GRAIN IN THE NORTH

- Storage options suited to the region
- Using field bins strategically
- Pest prevention – hygiene tips
- How to set yourself up to monitor for pests
- Managing high moisture grain

... and much more

15TH MARCH 2024

11pm

**Farmacist Gordonvale
old fire station on the
corner of Church and
Norman Street**
