

GRDC Workshops

Learn about the latest resistance status in key crop weeds in upcoming workshops!

Dr Roberto Busi from the Australian Herbicide Resistance Initiative (AHRI) will be on the road presenting his results on radish, brome grass & ryegrass resistance testing, with practical information provided on what this means for farmers.

Rick Llewellyn (CSIRO) & Fiona Dempster (UWA) will also be presenting results on their resistance perception surveys.

This work has been conducted with GRDC investment and will be presented alongside the below local experts:

- **JUNE 22, Tue: Esperance, Neridup Fire Shed, 2-5pm. Organised by the South East Premium Wheat Growers Association & coordinated by agronomists David Pfeiffer & Garren Knell**
- **JUNE 23, Wed: Green Range Country Club, 40521 South Coast Highway, 12:30pm - 3:30pm. Organised by Stirlings to Coast Farmers and coordinated by agronomist Garren Knell**
- **JUNE 24, Thur: Merredin Community Resource Centre, 110 Barrack Street, 2-5pm. Organised by the Merredin & Districts Farm Improvement Group & coordinated by agronomist Geoff Fosbery**
- **AUG 5, Thur: Dalwallinu Liebe Group Agricultural Research and Education Facility, 9am-12 noon. Organised by the Liebe Group & coordinated by the Liebe Group.**
